### **BlackRock Privacy Principles**

BlackRock is committed to maintaining the privacy of its current and former fund investors and individual clients (collectively, "Clients") and to safeguarding their nonpublic personal information. The following information is provided to help you understand what personal information BlackRock collects, how we protect that information and why in certain cases we share such information with select parties.

If you are located in a jurisdiction where specific laws, rules or regulations require BlackRock to provide you with additional or different privacy-related rights beyond what is set forth below, then BlackRock will comply with those specific laws, rules or regulations.

BlackRock obtains or verifies personal nonpublic information from and about you from different sources, including the following: (i) information we receive from you or, if applicable, your financial intermediary, on applications, forms or other documents; (ii) information about your transactions with us, our affiliates, or others; (iii) information we receive from a consumer reporting agency; and (iv) from visits to our Web sites.

BlackRock does not sell or disclose to nonaffiliated third parties any nonpublic personal information about its Clients, except as permitted by law or as is necessary to service Client accounts. These nonaffiliated third parties are required to protect the confidentiality and security of this information and to use it only for its intended purpose.

We may share information with our affiliates to service your account or to provide you with information about other BlackRock products or services that may be of interest to you. In addition, BlackRock restricts access to nonpublic personal information about its Clients to those BlackRock employees with a legitimate business need for the information. BlackRock maintains physical, electronic and procedural safeguards that are designed to protect the nonpublic personal information of its Clients, including procedures relating to the proper storage and disposal of such information.

# LETTER TO SHAREHOLDERS

October 31, 2006

Dear Shareholder:

We are pleased to report that during the annual period, the Trusts continued to provide monthly income, as well as the opportunity to invest in various portfolios of municipal securities. This report contains the Trusts' audited financial statements and a listing of the Trusts' holdings.

The portfolio management team continuously monitors the municipal bond market and adjusts the Trust investments in order to gain exposure to various issuers, revenue sources and security types. This strategy enables the Trusts to move among different sectors, credits and coupons to capitalize on changing market conditions.

The following table shows the Trusts' current yields, tax-equivalent yields, closing market prices per share and net asset values ("NAV") per share as of October 31, 2006.

Trust (Ticker)	Current Yield <sup>1</sup>	Tax-Equivalent Yield <sup>2</sup>	Closing Market Price	NAV
BlackRock Investment Quality Municipal Trust (BKN)	5.58%	8.58%	\$18.97	\$15.79
BlackRock Municipal Income Trust (BFK)	5.73	8.82	17.30	15.37
BlackRock Long-Term Municipal Advantage Trust (BTA)	5.61	8.63	14.70	14.89
BlackRock California Investment Quality Municipal Trust (RAA)	5.36	8.25	15.80	14.51
BlackRock California Municipal Income Trust (BFZ)	5.33	8.20	17.12	15.74
BlackRock Florida Investment Quality Municipal Trust (RFA)	5.31	8.17	16.00	14.24
BlackRock Florida Municipal Income Trust (BBF)	5.55	8.54	16.30	15.68
BlackRock New Jersey Investment Quality Municipal Trust (RNJ)	5.28	8.12	15.95	14.47
BlackRock New Jersey Municipal Income Trust (BNJ)	5.19	7.98	18.40	16.35
BlackRock New York Investment Quality Municipal Trust (RNY)	5.27	8.11	16.65	15.18
BlackRock New York Municipal Income Trust (BNY)	5.21	8.02	17.35	15.88

<sup>1</sup> Yields are based on closing market price. These yields may increase/decrease due to an increase/decrease in the monthly distribution per common share. Past performance does not guarantee future results.

<sup>2</sup> Tax-equivalent yield assumes the maximum Federal tax rate of 35%.

On September 29, 2006, BlackRock, Inc. ("BlackRock") and Merrill Lynch Investment Managers united to form one of the largest asset management firms in the world. Now with more than \$1 trillion in assets under management, over 4,500 employees in 18 countries and representation in key markets worldwide, BlackRock's global presence means greater depth and scale to serve you.

BlackRock, a world leader in asset management, has a proven commitment to the municipal bond market. As of September 30, 2006, BlackRock managed over \$40 billion in municipal bonds, including 14 open-end and 69 closed-end municipal bond funds. BlackRock is recognized for its emphasis on risk management and proprietary analytics and for its reputation managing money for the world's largest institutional investors. BlackRock Advisors, LLC, and its affiliate, BlackRock Financial Management, Inc., which manage the Trusts, are wholly owned subsidiaries of BlackRock.

At a meeting that occurred on November 21, 2006, the Trusts' Board of Trustees approved amendments to the respective Dividend Reinvestment Plans (each, a "Plan") of BKN, RAA, RFA, and RNY. The amendments to the Plans are described under "Dividend Reinvestment Plans" in the attached annual report.

On behalf of BlackRock, we thank you for your continued trust and assure you that we remain committed to excellence in managing your assets.

Sincerely,

Laurence D. Fink  
Chief Executive Officer

<sup>1</sup> Total investment return is calculated assuming a purchase of a common share at the current market price on the first day and a sale at the current market price on the last day of each period reported. Dividends and distributions, if any, are assumed for purposes of this calculation to be reinvested at prices obtained under the Trust's dividend reinvestment plan. Total investment returns do not reflect brokerage commissions. Past performance is not a guarantee of future results.

<sup>2</sup> Ratios are calculated on the basis of income and expenses applicable to both the common and preferred shares relative to the average net assets of common shareholders.

The information in the above Financial Highlights represents the operating performance for a common share outstanding, total investment returns, ratios to average net assets and other supplemental data for each period indicated. This information has been determined based upon financial information provided in the financial statements and market price data for the Trust's common shares.

<sup>1</sup> Total investment return is calculated assuming a purchase of a common share at the current market price on the first day and a sale at the current market price on the last day of each period reported. Dividends and distributions, if any, are assumed for purposes of this calculation to be reinvested at prices obtained under the Trust's dividend reinvestment plan. Total investment returns do not reflect brokerage commissions. Past performance is not a guarantee of future results.

<sup>2</sup> Ratios are calculated on the basis of income and expenses applicable to both the common and preferred shares relative to the average net assets of the common shareholders.

The information in the above Financial Highlights represents the operating performance for a common share outstanding, total investment returns, ratios to average net assets and other supplemental data for each period indicated. This information has been determined based upon financial information provided in the financial statements and market price data for the Trust's common shares.

<sup>1</sup> Total investment return is calculated assuming a purchase of a common share at the current market price on the first day and a sale at the current market price on the last day of each period reported. Dividends and distributions, if any, are assumed for purposes of this calculation to be reinvested at prices obtained under the Trust's dividend reinvestment plan. Total investment returns do not reflect brokerage commissions. Past performance is not a guarantee of future results.

<sup>2</sup> Ratios are calculated on the basis of income and expenses applicable to both the common and preferred shares relative to the average net assets of the common shareholders.

The information in the above Financial Highlights represents the operating performance for a common share outstanding, total investment returns, ratios to average net assets and other supplemental data for each period indicated. This information has been determined based upon financial information provided in the financial statements and market price data for the Trust's common shares.

**Note 1. Organization & Accounting Policies** BlackRock Investment Quality Municipal Trust Inc. (“Investment Quality Municipal”), BlackRock California Investment Quality Municipal Trust Inc. (“California Investment Quality”), BlackRock New Jersey Investment Quality Municipal Trust Inc. (“New Jersey Investment Quality”) and BlackRock New York Investment Quality Municipal Trust (“New York Investment Quality”) were organized as Maryland corporations. BlackRock Florida Investment Quality Municipal Trust (“Florida Investment Quality”) was organized as a Massachusetts business trust. Municipal Investment Quality, California Investment Quality, Florida Investment Quality, New Jersey Investment Quality and New York Investment Quality are herein referred to as the Investment Quality Trusts. BlackRock Municipal Income Trust (“Municipal Income”), BlackRock California Municipal Income Trust (“California Income”), BlackRock Florida Municipal Income Trust (“Florida Income”), BlackRock New Jersey Municipal Income Trust (“New Jersey Income”), BlackRock New York Municipal Income Trust (“New York Income”) (collectively the “Income Trusts”) and BlackRock Long-Term Municipal Advantage Trust (“Long-Term Municipal”) were organized as Delaware statutory trusts. The Investment Quality Trusts, Income Trusts and Long-Term Municipal are referred to herein collectively as the “Trusts”. Investment Quality Municipal and Municipal Income are registered as diversified, closed-end management investment companies under the Investment Company Act of 1940, as amended (the “1940 Act”). California Investment Quality, California Income, Florida Investment Quality, Florida Income, Long-Term Municipal, New Jersey Investment Quality, New Jersey Income, New York Investment Quality and New York Income are registered as non-diversified, closed-end management investment companies under the 1940 Act.

Long-Term Municipal was organized on November 7, 2005 and had no capital transactions until January 4, 2006 when the Trust sold 9,704 common shares for \$139,010 to BlackRock Funding, Inc. Investment operations for Long-Term Municipal commenced on February 28, 2006. Long-Term Municipal incurred organization costs which were deferred from the organization date until the commencement of investment operations.

On September 29, 2006, BlackRock, Inc., the parent of BlackRock Advisors, LLC (formerly BlackRock Advisors, Inc.), and Merrill Lynch & Co., Inc. (“Merrill Lynch”) combined Merrill Lynch’s investment management business, Merrill Lynch Investment Managers (“MLIM”), with BlackRock, Inc. to create a new independent company. Merrill Lynch has a 49.8% economic interest and a 45% voting interest in the combined company and The PNC Financial Services Group, Inc. (“PNC”), has approximately a 34% economic and voting interest. The new company operates under the BlackRock name and is governed by a board of directors with a majority of independent members.

Under the Trusts’ organizational documents, their officers and Trustees are indemnified against certain liabilities arising out of the performance of their duties to the Trusts. In addition, in the normal course of business, the Trusts enter into contracts with their vendors and others that provide for general indemnifications. The Trusts’ maximum exposure under these arrangements are unknown as this would involve future claims that may be made against the Trusts. However, based on experience, the Trusts consider the risk of loss from such claims to be remote.

The following is a summary of significant accounting policies followed by the Trusts.

**Investments Valuation:** Municipal investments (including commitments to purchase such investments on a “when-issued” basis) are valued on the basis of prices provided by dealers or pricing services selected under the supervision of each Trust’s Board of Trustees or Board of Directors, as the case may be (each, a “Board”). In determining the value of a particular investment, pricing services may use certain information with respect to transactions in such investments, quotations from bond dealers, market transactions in comparable investments and various relationships between investments. Swap quotations are provided by dealers selected under supervision of the Board. A futures contract is valued at the last sale price as of the close of the commodities exchange on which it trades. Short-term securities may be valued at amortized cost which approximates fair value. Investments in open-end investment companies are valued at net asset value per share. Any investments or other assets for which such current market quotations are not readily available are valued at fair value (“Fair Value Assets”) as determined in good faith under procedures established by, and under the general supervision and responsibility of, each Trust’s Board. The investment advisor and/or sub-advisor will submit its recommendations regarding the valuation and/or valuation methodologies for Fair Value Assets to a valuation committee. The valuation committee may accept, modify or reject any recommendations. The pricing of all Fair Value Assets shall be subsequently reported to the Board.

When determining the price for a Fair Value Asset, the investment advisor and/or sub-advisor shall seek to determine the price that the Trust might reasonably expect to receive from the current sale of that asset in an arm’s-length transaction. Fair value determinations shall be based upon all available factors that the investment advisor and/or sub-advisor deems relevant.

In September 2006, the Financial Accounting Standards Board (“FASB”) issued Statement of Financial Accounting Standards No. 157, Fair Value Measurements (“FAS 157”) which is effective for fiscal years beginning after November 15, 2007. FAS 157 defines fair value, establishes a framework for measuring fair value and expands disclosures about fair value measurements. Management is currently evaluating the implications of FAS 157. At this time, its impact on the Trusts’ financial statements has not been determined.

**Investment Transactions and Investment Income:** Investment transactions are recorded on trade date. The cost of investments sold and the related gain or loss is determined by use of the specific identification method, generally first-in, first-out, for both financial reporting and federal income tax purposes. Each Trust also records interest income on an accrual basis and amortizes premium and/or accretes discount on securities purchased using the interest method.

**Financial Futures Contracts:** A futures contract is an agreement between two parties to buy and sell a financial instrument for a set price on a future date. Initial margin deposits are made upon entering into futures contracts and can be either cash or securities. During the period the futures contract is open, changes in the value of the contract are recognized as unrealized gains or losses by “marking-to-market” on a daily basis to reflect the market value of the contract at the end of each day’s trading. Variation margin payments are made or received, depending upon whether unrealized gains or losses are incurred. When the contract is closed, the Trust records a realized gain or loss equal to the difference between the proceeds from (or cost of) the closing transaction and the Trust’s basis in the contract.

Financial futures contracts, when used by the Trusts, help in maintaining a targeted duration. Futures contracts can be sold to effectively shorten an otherwise longer duration portfolio. In the same sense, futures contracts can be purchased to lengthen a portfolio that is shorter than its duration target. Thus, by buying or selling futures contracts, the Trusts may attempt to manage the duration of positions so that changes in interest rates do not change the duration of the portfolio unexpectedly.

**Forward Starting Swaps:** A forward starting swap is an agreement for an interest rate swap asset or liability to be created or sold in the future. Interest rate swaps are an agreement in which one party pays a floating rate of interest on a notional principal amount and receives a fixed rate of interest on the same notional principal amount for a specified period of time. Alternatively, a party may pay a fixed rate and receive a floating rate. The Trusts generally intend to close each forward starting swap before the accrual date specified in the agreement and therefore avoid entering into the interest rate swap underlying each forward starting swap.

During the term of the swap, changes in the value of the swap are recognized as unrealized gains or losses by “marking-to-market” daily based upon quotations from market makers to reflect the market value of the swap. When the swap is terminated, a Trust will record a realized gain or loss equal to the difference between the proceeds from (or cost of) the closing transaction and the Trust’s basis in the contract, if any.

Entering into these agreements involves, to varying degrees, elements of credit and market risk in excess of the amounts recognized on the Statements of Assets and Liabilities. Such risks involve the possibility that there will be no liquid market for these agreements, that the counterparty to the agreement may default on its obligation to perform and that there may be unfavorable changes in the fluctuation of interest and/or exchange rates. However, the Advisor of the Trusts monitor swaps and do not anticipate non-performance by any counterparty.

**Segregation:** In cases in which the 1940 Act and the interpretive positions of the Securities and Exchange Commission (the “Commission”) require that each Trust segregate assets in connection with certain investments (e.g., when-issued securities, swap agreements or futures contracts), each Trust will, consistent with certain interpretive letters issued by the Commission, designate on its books and records cash or other liquid securities having a market value at least equal to the amount that would otherwise be required to be physically segregated.

**Federal Income Taxes:** It is each Trust’s intention to continue to be treated as a regulated investment company under the Internal Revenue Code and to distribute sufficient net income and net realized capital gains, if any, to shareholders. Therefore, no federal income tax provisions have been recorded.

On July 13, 2006, the Financial Accounting Standards Board (“FASB”) released FASB Interpretation No. 48 (“FIN 48”) “Accounting for Uncertainty in Income Taxes”. FIN 48 provides guidance for how uncertain tax positions should be recognized, measured, presented and disclosed in the financial statements. FIN 48 requires the evaluation of tax positions taken in the course of preparing the Trusts’ tax returns to determine whether the tax positions are “more-likely-than-not” of being sustained by the applicable tax authority. Tax benefits of positions not deemed to meet the more-likely-than-not threshold would be booked as a tax expense in the current year and recognized as: a liability for unrecognized tax benefits; a reduction of an income tax refund receivable; a reduction of deferred tax asset; an increase in deferred tax liability; or a combination thereof. Adoption of FIN 48 is required for fiscal years beginning after December 15, 2006. At this time, management is evaluating the implications of FIN 48 and its impact on the financial statements has not yet been determined.

**Dividends and Distributions:** Each Trust declares and pays dividends and distributions to common shareholders monthly from net investment income, net realized short-term capital gains and other sources, if necessary. Net long-term capital gains, if any, in excess of loss carryforwards may be distributed in accordance with the 1940 Act. Dividends and distributions are recorded on the ex-dividend date. Income distributions and capital gain distributions are determined in accordance with income tax regulations which may differ from accounting principles generally accepted in the United States of America. Dividends and distributions to preferred shareholders are accrued and determined as described in Note 6.

**Estimates:** The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities including investments and swap valuations at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates and such differences may be material.

**Deferred Compensation and BlackRock Closed-End Share Equivalent Investment Plan:** Under the deferred compensation plan approved by each Trust’s Board, non-interested Trustees/Directors (“Independent Trustees”) are required to defer a portion of their annual complex-wide compensation. Deferred amounts earn an approximate return as though equivalent dollar amounts had been invested in common shares of other BlackRock Closed-End Funds selected by the Independent Trustees. These amounts are shown on the Statement of Assets and Liabilities as “Investments in Affiliates”. This has the same economic effect for the Independent Trustees as if the Independent Trustees had invested the deferred amounts in such Trusts.

The deferred compensation plan is not funded and obligations thereunder represent general unsecured claims against the general assets of the Trust. Each Trust may, however, elect to invest in common shares of those Trusts selected by the Independent Trustees in order to match its deferred compensation obligations.

**Other:** Expenses that are directly related to one of the Trusts are charged directly to that Trust. Other operating expenses are generally pro rated to the Trusts on the basis of relative net assets of all the BlackRock Closed-End Funds.

**Note 2. Tender Option Bonds Residuals** Tender Option Bonds Residuals: Long-Term Municipal invests in highly leveraged residual certificates (“TOB Residuals”) issued by tender option bond trusts (“TOB’s”). A third party sponsor forms a special purpose entity, into which municipal securities from Long-Term Municipal are transferred. A TOB typically issues two classes of beneficial interests: short-term floating rate certificates, which are sold to third party investors, and residual certificates, which are issued to Long-Term Municipal. The transfer of the municipal securities to a TOB does not qualify for sale treatment under Statement of Financial Accounting standards No. 140 “Accounting for Transfers and Servicing of Financial Assets and Extinguishments of

*Liabilities*”, therefore the municipal securities deposited into a TOB are presented in Long-Term Municipal’s portfolio of investments and the proceeds from the transaction are reported as a secured borrowing of Long-Term Municipal. Interest income from the underlying security is recorded by the Long-Term Municipal on an accrual basis. Interest expense incurred on the secured borrowing and other expenses relating remarketing, administration and trustee services to a TOB are reported as expenses of Long-Term Municipal. The proceeds received from the transaction are used by Long-Term Municipal to purchase additional municipal bonds or other investments permitted by Long-Term Municipal’s investment policies. At October 31, 2006, the aggregate value of the underlying municipal securities transferred to TOB’s and the secured borrowings amounted to \$180,638,890 and \$179,487,019, respectively

Financial transactions executed through TOB’s generally will underperform the market for fixed rate municipal bonds in a rising interest rate environment, but tend to outperform the market for fixed rate bonds when interest rates decline or remain relatively stable. Should short-term interest rates rise, Long-Term Municipal’s investment in TOB Residuals likely will adversely affect the Trust’s income and distributions to shareholders. Fluctuations in the market value of municipal securities deposited into the TOB may adversely affect the Trust’s net asset value per share. Long-Term Municipal invests in highly leveraged TOB Residuals and consequently may lose money in excess of the amount of its investment. Long-Term Municipal invests in residual certificates for the purpose of using economic leverage as a more flexible alternative to the issuance of preferred shares.

**Note 3. Agreements and Other Transactions with Affiliates and Related Parties**

Each Trust has an Investment Management Agreement with BlackRock Advisors, LLC (the “Advisor”), a wholly owned subsidiary of BlackRock, Inc. BlackRock Financial Management, Inc. (“BFM”), a wholly owned subsidiary of BlackRock, Inc., serves as sub-advisor to each Trust. BlackRock, Inc. may be presumed an affiliate of Merrill Lynch & Co., Inc. and The PNC Financial Services Group, Inc. The investment management agreement for each Income Trust and Long-Term Municipal covers both investment advisory and administration services. Each Investment Quality Trust has an Administration Agreement with the Advisor.

The Trust’s investment advisory fee paid to the Advisor is computed weekly and payable monthly based on an annual rate, 0.35% for the Investment Quality Trusts and 0.60% for the Income Trusts, of the Trust’s average weekly managed assets. “Managed assets” means the total assets of a Trust (including any assets attributable to any preferred shares that may be outstanding) minus the sum of accrued liabilities (other than debt representing financial leverage). The Advisor has voluntarily agreed to waive a portion of the investment advisory fee or other expenses on the Income Trusts as a percentage of managed assets as follows: 0.25% for the first five years of each of the Trust’s operations from 2001 through 2006, 0.20% in 2007, 0.15% in 2008, 0.10% in 2009 and 0.05% in 2010.

The administration fee paid to the Advisor is computed weekly and payable monthly based on an annual rate of 0.15% for the Municipal Investment Quality Trust and 0.10% for the California Investment Quality, Florida Investment Quality, New Jersey Investment Quality and New York Investment Quality of the Trusts’ average weekly managed assets.

Long-Term Municipal’s investment advisory fee paid to the Advisor is computed weekly and payable monthly based on an annual rate equal to 1.00% of the average weekly net assets. “Net Assets” means the total assets of the Trust minus the sum of accrued liabilities. The Advisor has voluntarily agreed to waive a portion of the investment advisory or other expenses of Long-Term Municipal in the amount of 0.40% of the average weekly value of the Long-Term Municipal’s Net Assets for the first five years of the Trust’s operations from 2006 through 2011 and for declining amounts for the following three years, 0.30% in 2012, 0.20% in 2013 and 0.10% in 2014.

The Advisor pays BFM fees for its sub-advisory services.

Pursuant to the agreements, the Advisor provides continuous supervision of the investment portfolio and pays the compensation of officers of each Trust who are affiliated persons of the Advisor, as well as occupancy and certain clerical and accounting costs of each Trust. Each Trust bears all other costs and expenses, which include reimbursements to the Advisor for costs of employees that provide pricing, secondary market support, and compliance services to each Trust. For the period ended October 31, 2006, the Trusts reimbursed the Advisor the following amounts, which are included in miscellaneous expenses in the Statements of Operations:

<u>Trust</u>	<u>Amount</u>	<u>Trust</u>	<u>Amount</u>
Investment Quality Municipal	\$ 16,608	Florida Income	\$ 6,413
Municipal Income	35,040	New Jersey Investment Quality	978

California Investment Quality	967	New York Investment Quality	1,325
California Income	13,819	New York Income	11,987
Florida Investment Quality	1,153		

Pursuant to the terms of their custody agreement, each Trust may receive earnings credits from its custodian for positive cash balances maintained, which are used to offset custody fees. These credits are shown on the Statements of Operations as “fees paid indirectly”.

During the period ended October 31, 2006, Merrill Lynch & Co., Inc., through its affiliated broker dealer, Merrill Lynch, Pierce, Fenner & Smith, Incorporated, earned commissions on transactions of securities as follows:

<u>Trust</u>	<u>Amount</u>
Investment Quality Municipal	\$ 5,489
Municipal Income	20,927
California Investment Quality	4
California Income	7,835
Florida Investment Quality	6
Florida Income	2,917
New Jersey Investment Quality	8
New Jersey Income	3,565
New York Investment Quality	6
New York Income	5,054

**Note 4. Portfolio Securities**

Purchases and sales of investment securities, other than short-term investments and U.S. government securities, for the period ended October 31, 2006, were as follows:

<u>Trust</u>	<u>Purchases</u>	<u>Sales</u>	<u>Trust</u>	<u>Purchases</u>	<u>Sales</u>
Investment Quality Municipal	\$ 321,341,898	\$ 347,172,008	Florida Income	\$ 31,432,362	\$ 32,857,076

For federal income tax purposes, the following Trusts had capital loss carryforwards at October 31, 2006, the Trust's last tax year-end, except for New York Income, which had its last tax year-end at July 31, 2006. These amounts may be used to offset future realized capital gains, if any:

<b>Trust</b>	<b>Capital Loss Carryforward Amount</b>	<b>Expires</b>	<b>Trust</b>	<b>Capital Loss Carryforward Amount</b>	<b>Expires</b>
Investment Quality Municipal	\$ 159,146	2012	California Income	\$ 389,453	2010
	904,137	2014		124,338	2011
	<u>\$ 1,063,283</u>			4,943,577	2012
Municipal Income	\$11,431,206	2011		1,350,312	2014
	15,767,388	2012		<u>\$ 6,807,680</u>	
	4,991,782	2014	Florida Income	<u>\$ 796,318</u>	2012
	<u>\$32,190,376</u>		New Jersey Income	<u>\$ 610,058</u>	2012
Long-Term Municipal	<u>\$ 1,005,040</u>	2014	New York Income	<u>\$ 276,399</u>	2012

Accordingly, no capital gain distributions are expected to be paid to shareholders of a Trust until that Trust has net realized capital gains in excess of its capital loss carryforward amounts.

**Reclassification of Capital Accounts:** In order to present undistributed (distribution in excess of) net investment income (“UNII”) and accumulated net realized gain (“Accumulated Gain”) more closely to its tax character, the following accounts for each Trust were increased (decreased):

<u>Trust</u>	<u>UNII</u>	<u>Accumulated Gain</u>	<u>PIC</u>	<u>Trust</u>	<u>UNII</u>	<u>Accumulated Gain</u>
Investment Quality Municipal	\$ (115,255)	\$ 115,255	\$ —	New Jersey Investment Quality	\$ (7,710)	\$ 7,710

**Note 6. Capital**

There are 200 million of \$0.01 par value common shares authorized for each of the Investment Quality Trusts. There are an unlimited number of \$0.001 par value common shares authorized for the Income Trusts and Long-Term Municipal. Each Trust may classify or reclassify any unissued common shares into one or more series of Auction Market Preferred Shares (“preferred shares”). At October 31, 2006, the shares owned by an affiliate of the Advisor of Long-Term Municipal were 9,704.

During the years ended October 31, 2006 and 2005, the following Trusts issued additional shares under their respective dividend reinvestment plans:

<u>Trust</u>	<u>October 31, 2006</u>	<u>October 31, 2005</u>
Municipal Income	183,235	72,096
Long-Term Municipal	34,238	—

Florida Income	14,192	2,650
New Jersey Income	42,417	3,854
New York Income	52,616	4,806

Long-Term Municipal, which commenced investment operations on February 28, 2006, issued 13,049,704 common shares under the initial public offering. An additional 225,000 shares were issued by the underwriters’ exercising their over-allotment option. Offering costs incurred in connection with the offering of common shares have been charged against the proceeds from the initial common share offering in the amount of \$381,825.

As of October 31, 2006, each Trust had the following series of preferred shares outstanding as listed in the table below. The preferred shares have a liquidation value of \$25,000 per share plus any accumulated unpaid dividends.

<u>Trust</u>	<u>Series</u>	<u>Shares</u>	<u>Trust</u>	<u>Series</u>	<u>Shares</u>

Dividends on seven-day preferred shares are cumulative at a rate which is reset every seven days based on the results of an auction. Dividends on 28-day preferred shares are cumulative at a rate which resets every 28 days based on the results of an auction. The dividend ranges and average on the preferred shares for each of the Trusts for the year ended October 31, 2006 were as follows:

<u>Trust</u>	<u>Series</u>	<u>Low</u>	<u>High</u>	<u>Average</u>	<u>Trust</u>	<u>Series</u>	<u>Low</u>	<u>High</u>	<u>Average</u>

A Trust may not declare dividends or make other distributions on common shares or purchase any such shares if, at the time of the declaration, distribution or purchase, asset coverage with respect to the outstanding preferred shares would be less than 200%.

The preferred shares are redeemable at the option of each Trust, in whole or in part, on any dividend payment date at \$25,000 per share plus any accumulated unpaid dividends whether or not declared. The preferred shares are also subject to mandatory redemption at \$25,000 per share plus any accumulated or unpaid dividends, whether or not declared, if certain requirements relating to the composition of the assets and liabilities of a Trust, as set forth in each Trust's Declaration of Trust/Articles Supplementary, are not satisfied.

The holders of preferred shares have voting rights equal to the holders of common shares (one vote per share) and will vote together with holders of common shares as a single class. However, holders of preferred shares, voting as a separate class, are also entitled to elect two Trustees for each Trust. In addition, the 1940 Act requires that along with approval by shareholders that might otherwise be required, the approval of the holders of a majority of any outstanding preferred shares, voting separately as a class would be required to (a) adopt any plan of reorganization that would adversely affect the preferred shares, (b) change a Trust's subclassification as a closed-end investment company or change its fundamental investment restrictions and (c) change its business so as to cease to be an investment company.

**Note 7. Dividends** Subsequent to October 31, 2006, the Board of each Trust declared dividends from undistributed earnings per common share payable December 1, 2006, to shareholders of record on November 15, 2006. The per share common dividends declared were as follows:

<u>Trust</u>	<u>Common Dividend Per Share</u>	<u>Trust</u>	<u>Common Dividend Per Share</u>
Investment Quality Municipal	\$0.088250	Florida Income	\$0.075375
Municipal Income II	0.082625	New Jersey Investment Quality	0.070125

California Income	0.076074	New York Income	0.075339
Florida Investment Quality	0.070781		

The dividends declared on preferred shares for the period November 1, 2006 to November 30, 2006 for each of the Trusts were as follows:

<u>Trust</u>	<u>Series</u>	<u>Dividends Declared</u>	<u>Trust</u>	<u>Series</u>	<u>Dividends Declared</u>	
Investment Quality Municipal	T7	\$259,590	California Income	T7	\$209,774

California Investment Quality	W7	23,997	New York Income	W7	163,374	
				F7	128,364	

**Note 8. Concentration Risk** The Trusts concentrate their investments in securities issued by state agencies, other governmental entities and U.S. Territories. The Trusts are more susceptible to adverse financial, social, environmental, economic, regulatory and political factors that may affect these state agencies, other governmental entities and U.S. Territories, which could seriously affect the ability of these states and their municipal subdivisions to meet continuing obligations for principle and interest payments and therefore could impact the value of the Trusts' investments and net asset value per share, than if the Trusts were not concentrated in securities issued by state agencies, other governmental entities and U.S. Territories.

Many municipalities insure repayment for their obligations. Although bond insurance reduces the risk of loss due to default by an issuer, such bonds remain subject to the risk that market value may fluctuate for other reasons and there is no assurance that the insurance company will meet its obligations. These securities have been identified in the Portfolios of Investments.

BlackRock California Investment Quality Municipal Trust, Inc.  
BlackRock California Municipal Income Trust  
BlackRock Florida Investment Quality Municipal Trust, Inc.  
BlackRock Florida Municipal Income Trust  
BlackRock New Jersey Investment Quality Municipal Trust, Inc.  
BlackRock New Jersey Municipal Income Trust  
BlackRock New York Investment Quality Municipal Trust, Inc.  
BlackRock New York Municipal Income Trust  
(Collectively the "Trusts")

We have audited the accompanying statements of assets and liabilities of the Trusts, including the portfolios of investments, as of October 31, 2006, and the related statements of operations for the period then ended, and the statements of changes in net assets and the financial highlights for each of the periods presented. These financial statements and financial highlights are the responsibility of the Trusts' management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. The Trusts are not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Trust's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. Our procedures included confirmation of securities owned as of October 31, 2006, by correspondence with the custodian and brokers. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements and financial highlights referred to above present fairly, in all material respects, the financial position of the Trusts as of October 31, 2006, the results of its operations for the period then ended, and the changes in its net assets and their financial highlights for each of the periods presented, in conformity with accounting principles generally accepted in the United States of America.

## **DIVIDEND REINVESTMENT PLANS**

---

Pursuant to each Trust's Dividend Reinvestment Plan (the "Plan"), common shareholders are automatically enrolled to have all distributions of dividends and capital gains reinvested by Computershare Trust Company, N.A. (the "Plan Agent") in the respective Trust's shares pursuant to the Plan. Shareholders who elect not to participate in the Plan will receive all distributions in cash paid by check and mailed directly to the shareholders of record (or if the shares are held in street or other nominee name, then to the nominee) by the Plan Agent, which serves as agent for the shareholders in administering the Plan.

At present after an Investment Quality Trust declares a dividend or determines to make a capital gain distribution, the Plan Agent will acquire shares for the participant's account, by the purchase of outstanding shares on the open market, on the Trust's primary exchange or elsewhere ("open market purchases"). The Investment Quality Trusts do not presently issue any new shares under the Plan, which serves as agent for the shareholders in administering the Plan.

After the Income Trusts and Long Term Municipal declare a dividend or determines to make a capital gain distribution, the Plan Agent will acquire shares for the participants' accounts, depending upon the circumstances described below, either (i) through receipt of unissued but authorized shares from the Trust ("newly issued shares") or (ii) by open market purchases. If, on the dividend payment date, the net asset value per share ("NAV") is equal to or less than the market price per share plus estimated brokerage commissions (such condition being referred to herein as "market premium"), the Plan Agent will invest the dividend amount in newly issued shares on behalf of the participants. The number of newly issued shares to be credited to each participant's account will be determined by dividing the dollar amount of the dividend by the NAV on the date the shares are issued. However, if the NAV is less than 95% of the market price on the payment date, the dollar amount of the dividend will be divided by 95% of the market price on the payment date. If, on the dividend payment date, the NAV is greater than the market value per share plus estimated brokerage commissions (such condition being referred to herein as "market discount"), the Plan Agent will invest the dividend amount in shares acquired on behalf of the participants in open market purchases.

At a meeting of the Boards of Trustees of the Investment Quality Trusts on November 21, 2006, the Boards approved an amendment to the Dividend Reinvestment Plans of each Investment Quality Trust. Although the Plans presently permit shares to be purchases only the open market, as a result of the amendment, the Plans will permit purchases of newly issued shares on terms similar to the Income Trusts described in the next paragraph. The amendments will take effect on April 1, 2007.

Participants in the Plan may withdraw from the Plan upon written notice to the Plan Agent and will receive certificates for whole Trust shares and a cash payment for any fraction of a Trust share.

The Plan Agent's fees for the handling of the reinvestment of dividends and distributions will be paid by each Trust. However, each participant will pay a pro rata share of brokerage commissions incurred with respect to the Plan Agent's open market purchases in connection with the reinvestment of dividends and distributions. The automatic reinvestment of dividends and distributions will not relieve participants of any Federal income tax that may be payable on such dividends or distributions.

Each Trust reserves the right to amend or terminate the Plan. There is no direct service charge to participants in the Plan, however, each Trust reserves the right to amend the Plan to include a service charge payable by the participants. Participants who request a sale of shares through the Plan Agent are subject to a \$2.50 sales fee and a \$0.15 per share sold brokerage commission. All correspondence concerning the Plan should be directed to the Plan Agent at 250 Royall Street, Canton, MA 02021, or (800) 699-1BFM.

## INVESTMENT MANAGEMENT AGREEMENTS

---

Under the 1940 Act, the continuation of each Trust's investment management agreement generally is required to be approved annually by the Boards, including the Independent Trustees. At a meeting held on May 23, 2006, the Board of each Trust other than BTA, including the Independent Trustees, met to consider the annual continuation of each management agreement in effect prior to such date (the "Old Management Agreement"). The Old Management Agreement for BTA was not considered by the Trustees for annual continuation because it commenced operations in February of 2006, so such consideration was not required, and references to "each Trust" in the disclosure below relating the annual continuation of the Old Management Agreements should be read to mean each Trust other than BTA. The Trustees did, however, consider the New Management Agreement (defined below) for BTA for use following completion of the Transaction (defined Below). The Boards first considered the annual continuation of each Old Management Agreement without considering the impending acquisition by BlackRock, Inc. of the management business of Merrill Lynch & Co., Inc. (the "Transaction"). Because the Old Management Agreements needed to be reapproved whether or not the Transaction closes. Accordingly, it was appropriate to review each Old Management Agreement without considering the impending Transaction, and then to separately consider the impact of the Transaction on the Old Management Agreements.

At the meeting on May 23, 2006, the Board of each Trust, including those trustees'/directors of each Trust who are not interested persons of the Trusts for purposes of the Investment Company Act of 1940, as amended, (the "Independent Trustees"), unanimously approved the continuance of each Old Management Agreement for each Trust with a contract considered for renewal and then approved a New Management Agreement for each Trust to take effect following the completion the Transaction (the "New Management Agreements").

### **Information Received by the Boards**

To assist each Board in its evaluation of the Old Management Agreements, the Independent Trustees received information from BlackRock on or about April 22, 2006, which detailed, among other things: the organization, business lines and capabilities of BlackRock Advisors, LLC (formerly BlackRock Advisors, Inc., "BlackRock") the sub-advisors, if any, for each Trust collectively the "Advisor," including the responsibilities of various departments and key personnel and biographical information relating to key personnel; financial statements for BlackRock, PNC and each Trust; the advisory and/or administrative fees paid by each Trust to the Advisors, including comparisons, compiled by an independent third party, with the management fees of funds with similar investment objectives ("Peers"); the profitability of BlackRock and certain industry profitability analyses for advisors to registered investment companies; the expenses of BlackRock in providing the various services; non-investment advisory reimbursements and "fallout" benefits to BlackRock; the expenses of each Trust, including comparisons of the respective Trust's expense ratios (both before and after any fee waivers) with the expense ratios of its Peers; and each Trust's performance for the past one-, three-, five- and ten-year periods, when applicable, and each Trust's performance compared to its Peers. This information supplemented the information received by each Board throughout the year regarding each Trust's performance, expense ratios, portfolio composition, trade execution and compliance.

In addition to the foregoing materials, independent legal counsel to the Independent Trustees provided a legal memorandum outlining, among other things, the duties of each Board under the 1940 Act, as well as the general principles of relevant law in reviewing and approving advisory contracts, the requirements of the 1940 Act in such matters, an advisor's fiduciary duty with respect to advisory agreements and compensation, and the standards used by courts in determining whether investment company boards of trustees have fulfilled their duties as well as factors to be considered by the boards in voting on advisory agreements.

The Independent Trustees reviewed this information and discussed it with independent counsel in executive session prior to the Board meeting. At the Board meeting on May 23, 2006, BlackRock made a presentation to and responded to additional questions from the Boards. After the presentations and after additional discussion, each Board considered each Old Management Agreement and, in consultation with independent counsel, reviewed the factors set out in judicial decisions and SEC statements relating to the renewal of the Old Management Agreements.

### **Matters Considered by the Boards**

#### *The Old Management Agreements*

In connection with their deliberations with respect to the Old Management Agreements, the Boards considered all factors they believed relevant with respect to each Trust, including the following: the nature, extent and quality of the services to be provided by the Advisors; the investment performance of each Trust; the costs of the services to be provided and profits to be realized by the Advisors and their affiliates from their relationship with the Trusts; the extent to which economies of scale would be realized as the BlackRock closed-end fund complex grows; and whether BlackRock realizes other benefits from its relationship with the Trusts.

*Nature and Quality of Investment Advisory and Sub-Advisory Services.* In evaluating the nature, extent and quality of the Advisors' services, each Board reviewed information concerning the types of services that the Advisors provide and are expected to provide to each Trust, including narrative and statistical information concerning each Trust's performance record and how such performance compares to each Trust's Peers, information describing BlackRock's organization and its various departments, the experience and responsibilities of key personnel and available resources. The Boards noted the willingness of the personnel of BlackRock to engage in open, candid discussions with the Boards. Each Board further considered the quality of the Advisors' investment process in making portfolio management decisions. Given the Boards' experience with BlackRock, the Boards noted that they were familiar with and continue to have a good understanding of the organization, operations and personnel of BlackRock. The Boards also noted that the formation of Portfolio Review Committees and a Compliance Committee had helped each Board to continue to improve their understanding of BlackRock's organization, operations and personnel.

In addition to advisory services, the Independent Trustees considered the quality of the administrative or non-investment advisory services provided to the Trusts. In this regard, the Advisors provide each Trust with such administrative and other services (exclusive of, and in addition to, any such services provided by others for the Trusts) and officers and other personnel as are necessary for the operation of the respective Trust. In addition to investment management services, the Advisors and their affiliates provide each Trust with services such as:

preparing shareholder reports and communications, including annual and semi-annual financial statements and Trust websites; communications with analysts to support secondary market trading; assisting with daily accounting and pricing; preparing periodic filings with regulators and stock exchanges; overseeing and coordinating the activities of other service providers; administering and organizing Board meetings and preparing the Board materials for such meetings; providing legal and compliance support (such as helping to prepare proxy statements and responding to regulatory inquiries); and performing other Trust administrative tasks necessary for the operation of the respective Trust (such as tax reporting and fulfilling regulatory filing requirements). The Boards considered the Advisors' policies and procedures for assuring compliance with applicable laws and regulations.

*Investment Performance of the Trusts.* As previously noted, the Boards received performance information regarding each Trust and its Peers. Among other things, the Boards received materials reflecting each Trust's historic performance and each Trust's performance compared to its Peers. More specifically, each Trust's one-, three-, five- and ten-year total returns (when applicable) were evaluated relative to its respective Peers (including the performance of individual Peers as well as the Peers' median performance).

The Boards reviewed a narrative analysis of the third-party Peer rankings, prepared by BlackRock at the Boards' request. The summary placed the Peer rankings into context by analyzing various factors that affect these comparisons. In evaluating the performance information, in certain limited instances, the Boards noted that the Peers most similar to a given Trust still would not adequately reflect such Trust's investment objectives and strategies, thereby limiting the usefulness of the comparisons of such Trust's performance with that of its Peers. The Boards noted that each Trust other than RAA, RFA, RNJ and RNY had performed better than or equal to the median of their Peers and benchmarks in each of the past one-, three- and five-year periods (if applicable).

With respect to BKN, RAA, RNJ and RNY, the Boards noted that each of these Trusts had out-performed its benchmark for at least two of the one-, three- and five-year periods, and that RFA had out-performed its benchmark for only the one-year period. The Boards further noted each of these Trusts had under performed its peers for at least one of the one-three-and five year periods and that the Advisors generally limited lengthening the duration of these Trusts in response to changes in interest rates because the shorter duration bonds held by these Trusts generally had yields higher than the coupons on longer duration bonds, the Advisors believed these Trusts were better able to maintain their dividend levels, albeit at the expense of a lower total return than the Trusts may have been able to achieve with a longer duration portfolio. In addition, RAA, RFA, RNJ and RNY are the smallest funds among each of their respective Peers and their small size negatively affects their performance relative to their Peers.

After considering this information, the Boards concluded that the performance of each Trust, in light of and after considering the other facts and circumstances applicable to each Trust, supports a conclusion that each Trust's Old Management Agreement should be renewed.

*Fees and Expenses.* In evaluating the management fees and expenses that a Trust is expected to bear, the Boards considered each Trust's management fee structure and the Trust's expected expense ratios in absolute terms as well as relative to the fees and expense ratios of applicable Peers. In reviewing fees, each Board, among other things, reviewed comparisons of each Trust's gross management fees before and after any applicable reimbursements and fee waivers and total expense ratios before and after any applicable waivers with those of the applicable Peers. The Boards also reviewed a narrative analysis of the Peer rankings that was prepared by an independent third party and summarized by BlackRock at the request of the Boards. This summary placed the rankings into context by analyzing various factors that affect these comparisons.

The Boards, noted that, of the ten Trusts with Old Management Agreements subject to annual continuation, BKN, BFK, BFZ, BNJ and BNY pay fees lower than or equal to the median fees paid by their Peers in each of (i) contractual management fees payable by a Trust prior to any expense reimbursements or fee waivers ("contractual management fees"), (ii) actual management fees paid by a Trust after taking into consideration expense reimbursements and fee waivers ("actual management fees") and (iii) total expenses. The remaining five Trusts are worse than the median of their Peers in at least one of (a) contractual management fees, (b) actual management fees or (c) total expenses. The Board noted the following reasons why these five Trusts have contractual or actual management fees or total expenses higher than the median of their Peers:

- *Small Trusts.* The Boards of RAA, RFA and RNJ noted that each of these Trusts incurs total expenses that are worse than the median of their Peers (and that RFA also pays actual management fees that are worse than the median of its Peers by a *de minimis* amount). The Boards noted that because each of these Trusts are small relative to their Peers, the fixed costs associated with operating these Trusts adversely affect their expense ratios. Each of these Trusts pays contractual management fees that are better than or equal to the median of their respective Peers.
- *De minimis.* The Boards of RNY noted that this Trust pays actual management fees no more than four basis points worse than the median of its Peers and has contractual management fees and incurs total expenses that are better than the median of its Peers. The Board of BBF noted that BBF pays actual management fees and incurs total expenses that are better than the median of its Peers, but that it has contractual management fees less than three basis points worse than the median of its Peers.

The Boards also compared the management fees charged to the Trusts by the Advisors to the management fees the Advisors charge other types of clients (such as open-end investment companies and separately managed institutional accounts). With respect to open-end investment companies, the management fees charged to the Trusts generally were higher than those charged to the open-end investment companies. The Boards also noted that the Advisors provide the Trusts with certain services not provided to open-end funds, such as leverage management in connection with the issuance of preferred shares, stock exchange listing compliance requirements, rating agency compliance with respect to the leverage employed by the Trusts and secondary market support and other services not provided to the Trusts, such as monitoring of subscriptions and redemptions. With respect to separately managed institutional accounts, the management fees for such accounts were generally lower than those charged to the comparable Trusts. The Boards noted, however, the various services that are provided and the costs incurred by the Advisors in managing and operating the Trusts. For instance, the Advisors and their affiliates provide numerous services to the Trusts that are not provided to institutional accounts including, but not limited to: preparing shareholder reports and

communications, including annual and semi-annual financial statements; preparing periodic filings with regulators and stock exchanges; overseeing and coordinating the activities of other service providers; administering and organizing Board meetings and preparing the Board materials for such meetings; income monitoring; expense budgeting; preparing proxy statements; and performing other Trust administrative tasks necessary for the operation of the respective Trust (such as tax reporting and fulfilling regulatory filing requirements). Further, the Boards noted the increased compliance requirements for the Trusts in light of new SEC regulations and other legislation. These services are generally not required to the same extent, if at all, for separate accounts.

In connection with the Boards' consideration of this information, the Boards reviewed the considerable investment management experience of the Advisors and considered the high level of investment management, administrative and other services provided by the Advisors. In light of these factors and the other facts and circumstances applicable to each Trust, the Boards concluded that the fees paid and expenses incurred by each Trust under its Old Management Agreements supports a conclusion that each Trust's Old Management Agreements should be renewed.

*Profitability.* The Trustees also considered BlackRock's profitability in conjunction with their review of fees. The Trustees reviewed BlackRock's revenues, expenses and profitability margins on an after-tax basis. In reviewing profitability, the Trustees recognized that one of the most difficult issues in determining profitability is establishing a method of allocating expenses. The Trustees also reviewed BlackRock's assumptions and methodology of allocating expenses, noting the inherent limitations in allocating costs among various advisory products. The Boards also recognized that individual fund or product line profitability of other advisors is generally not publicly available.

The Boards recognized that profitability may be affected by numerous factors including, among other things, the types of funds managed, expense allocations and business mix, and therefore comparability of profitability is somewhat limited. Nevertheless, to the extent available, the Boards considered BlackRock's pre-tax profit margin compared to the pre-tax profitability of various publicly traded investment management companies and/or investment management companies that publicly disclose some or all of their financial results. The comparison indicated that BlackRock's pre-tax profitability was in the second quartile of the fifteen companies compared (including BlackRock), with the most profitable quartile being ranked first and the least profitable quartile being ranked fourth.

In evaluating the reasonableness of the Advisor's compensation, the Boards also considered any other revenues paid to the Advisors, including partial reimbursements paid to the Advisors for certain non-investment advisory services. The Boards noted that these payments were less than the Advisors' costs for providing these services. The Boards also considered indirect benefits (such as soft dollar arrangements) that the Advisors and their affiliates are expected to receive that are attributable to their management of the Trusts.

In reviewing each Trust's fees and expenses, the Boards examined the potential benefits of economies of scale, and whether any economies of scale should be reflected in the Trusts' fee structures, for example through the use of breakpoints. In this connection, the Boards reviewed information provided by BlackRock, noting that most closed-end fund complexes do not have fund-level breakpoints, as closed-end funds generally do not experience substantial growth after their initial public offering and each fund is managed independently, consistent with its own investment objectives. The Boards also noted that the one registered closed-end investment company managed by BlackRock has a breakpoint in its fee structure, but that fund that was inherited by BlackRock when it took over managing the fund from another manager and that BlackRock simply retained the structure it inherited. The information also revealed that only one closed-end fund complex used a complex-level breakpoint structure, and that this complex generally is homogeneous with regard to the types of funds managed and is about four times as large as the Trusts' complex.

The Boards concluded that BlackRock's profitability, in light of all the other facts and circumstances applicable to each Trust, supports a conclusion that each Trust's Old Management Agreements should be renewed.

*Other Benefits.* In evaluating fees, the Boards also considered indirect benefits or profits the Advisors or their affiliates may receive as a result of their relationships with the Trusts. The Trustees, including the Independent Trustees, considered the intangible benefits that accrue to the Advisors and their affiliates by virtue of their relationships with the Trusts, including potential benefits accruing to the Advisors and their affiliates as a result of participating in offerings of the Trusts' shares, potentially stronger relationships with members of the broker-dealer community, increased name recognition of the Advisors and their affiliates, enhanced sales of other investment funds and products sponsored by the Advisors and their affiliates and increased assets under management which may increase the benefits realized by the Advisors from soft dollar arrangements with broker-dealers. The Boards also considered the unquantifiable nature of these potential benefits.

*Miscellaneous.* During the Boards' deliberations in connection with the Old Management Agreements, the Boards were aware that the Advisor pays compensation, out of its own assets, to the lead underwriter and to certain qualifying underwriters of many of its closed-end funds, and to employees of the Advisors' affiliates that participated in the offering of such funds. The Boards considered whether the management fee met applicable standards in light of the services provided by the Advisors, without regard to whether the Advisors ultimately pay any portion of the anticipated compensation to the underwriters.

*Conclusion with respect to the Old Management Agreements.* In reviewing the Old Management Agreements without considering the impending Transaction, the Trustees did not identify any single factor discussed above as all-important or controlling. The Trustees, including the Independent Trustees, unanimously determined that each of the factors described above, in light of all the other factors and all of the facts and circumstances applicable to each respective Trust, was acceptable for each Trust and supported the Trustees' conclusion that the terms of each Old Management Agreement were fair and reasonable, that the respective Trust's fees are reasonable in light of the services provided to the respective Trust, and that each Old Management Agreement should be approved.

#### *The Transaction*

On September 29, 2006, Merrill Lynch contributed its investment management business, MLIM, to BlackRock, one of the largest publicly traded investment management firms in the United States and the parent company of the Advisor, to form a new asset management company that is one of the world's preeminent, diversified global money management organizations with approximately \$1 trillion in assets under

management. Based in New York, BlackRock manages assets for institutional and individual investors worldwide through a variety of equity, fixed income, cash management and alternative investment products. The new company operates under the BlackRock name and is governed by a board of directors with a majority of independent members. The new company offers a full range of equity, fixed income, cash management and alternative investment products with strong representation in both retail and institutional channels, in the United States and in non-U.S. markets. It has over 4,500 employees in 18 countries and a major presence in most key markets, including the United States, the United Kingdom, Asia, Australia, the Middle East and Europe. Merrill Lynch owns no more than 49.8% of the total capital stock of the new company on a fully diluted basis and it owns no more than 45% of the new company's voting power, and The PNC Financial Services Group, LLC. ("PNC"), which previously held a majority interest in BlackRock, retains approximately 34% of the new company's common stock. Each of Merrill Lynch and PNC has agreed that it will vote all of its shares on all matters in accordance with the recommendation of BlackRock's board of directors.

#### *The New Management Agreements*

*Consequences of the Transaction.* On February 23, 2006, April 21, 2006 and May 23, 2006 members of BlackRock management made presentations on the Transaction to the Trustees and the Trustees discussed with management and amongst themselves management's general plans and intentions regarding the Trusts, including the preservation, strengthening and growth of BlackRock's business and its combination with MLIM's business. The Boards also inquired about the plans for and anticipated roles and responsibilities of certain BlackRock employees and officers after the Transaction. The Independent Trustees also met in executive session to discuss the Transaction. After these meetings, BlackRock continued to update the Boards with respect to its plans to integrate the operations of BlackRock and MLIM and the potential impact of those plans on the Trusts as those plans were further developed.

At the Board meeting on May 23, 2006, after considering and approving the Old Management Agreements, the Boards (including the Independent Trustees) then considered the information received at or prior to the meeting and the consequences of the Transaction to each Trust, including, among other things:

(i) that BlackRock, MLIM and their investment advisory subsidiaries are experienced and respected asset management firms, and that BlackRock advised the Boards that in connection with the completion of the Transaction, it intends to take steps to combine the investment management operations of BlackRock and MLIM, which, among other things, may involve sharing common systems and procedures, employees (including portfolio managers), investment and trading platforms, and other resources. Furthermore, these combination processes will result in changes to the portfolio management teams for each of the Trusts;

(ii) that BlackRock advised the Boards that following the Transaction, there is not expected to be any diminution in the nature, quality and extent of services provided to the Trusts and their shareholders by the Advisors, including compliance services;

(iii) that BlackRock advised the Boards that it has no present intention to alter the expense waivers and reimbursements currently in effect for certain of the Trusts;

(iv) the experience, expertise, resources and performance of MLIM that will be contributed to BlackRock after the closing of the Transaction and their anticipated impact on BlackRock's ability to manage the Trusts;

(v) that BlackRock and MLIM would derive benefits from the Transaction and that as a result, they have a financial interest in the matters that were being considered;

(vi) the potential effects of regulatory restrictions on the Trusts as a result of Merrill Lynch's equity stake in BlackRock after the Transaction;

(vii) the fact that each Trust's aggregate investment advisory and sub-advisory fees payable under the New Management Agreements and the Old Management Agreements are identical;

(viii) the terms of the New Management Agreements, including the differences from the Old Management Agreements (see "Comparison of the Old Management Agreements to the New Management Agreements" above);

(ix) that the Trusts would not bear the costs of obtaining shareholder approval of the New Management Agreements; and

(x) that BlackRock and Merrill Lynch have agreed to conduct their respective businesses (and use reasonable best efforts to cause their respective affiliates to conduct their respective businesses) to enable the conditions of Section 15(f) to be true in relation to any registered investment companies advised by MLIM and registered under the 1940 Act and have agreed to the same conduct in relation to the BlackRock registered investment companies to the extent it is determined the Transaction is an assignment under the 1940 Act.

*Nature and Quality of Investment Advisory and Sub-Advisory Services.* The Boards considered the expected impact of the Transaction on the operations, facilities, organization and personnel of the Advisors, the potential implications of regulatory restrictions on the Trusts following the Transaction and the ability of the Advisors to perform their duties after the Transaction. The Boards considered that the services to be provided and the standard of care under the New Management Agreements are the same as under the Old Management Agreements. The Boards also considered statements by management of BlackRock that, in connection with integrating the operations of the Advisors and MLIM, the objective was to preserve the best of both organizations in order to enhance BlackRock's ability to provide investment advisory services following completion of the Transaction.

The Boards noted that it is impossible to predict with certainty the impact of the Transaction on the nature, quality and extent of the services provided by the Advisors to the Trusts, but concluded based on the information currently available and in light of all of the current facts and circumstances, that the Transaction is likely to provide the Advisors with additional resources with which to serve the Trusts and was not expected to adversely affect the nature, quality and extent of the services to be provided to the Trusts and their shareholders by the Advisors and was not expected to materially adversely affect the ability of the Advisors to provide those services.

At the May 23, 2006 meeting of the Boards, BlackRock informed the Boards that, following completion of the Transaction, a team primarily comprised of MLIM professionals would manage the portfolios of those Trusts. BlackRock discussed with the Boards the reasons for this proposed change. BlackRock also informed the Boards that it intended to provide additional information to the Boards with respect to this proposed change at the August meetings of the Boards for the Boards' consideration at that time. If the Boards did not object to this change, the following team members generally would oversee investment policies for those Trusts that invest primarily in municipal securities. This team is one of the largest managers of municipal debt with approximately \$67.5 billion in assets under management as of March 31, 2006, including 31 closed-end investment companies with \$16.2 billion in assets, \$8 billion in retail separate accounts and nine open-end mutual funds with \$4.1 billion in assets. The team members are:

- **Robert A. DiMella.** Mr. DiMella has been a Managing Director of MLIM since 2004 and was a Director from 2002 to 2004. He has been a portfolio manager with MLIM since 1993.
- **William R. Bock.** Mr. Bock has been a Director of MLIM since 2005, and was a Vice President from 1989 to 2005. Mr. Bock has been a portfolio manager with MLIM since 1989.
- **Timothy T. Browse.** Mr. Browse has been a Vice President (Municipal Tax-Exempt Fund Management) of and portfolio manager with MLIM since 2004. He was also Vice President, Portfolio Manager and team leader of the Municipal Investments Team with Lord Abbett & Co. from 2000 to 2003.
- **Theodore R. Jaeckel, Jr., CFA.** Mr. Jaeckel has been a Director (Municipal Tax-Exempt Fund Management) of MLIM since 1997. Mr. Jaeckel has been a portfolio manager with MLIM since 1991.
- **Walter O'Connor.** Mr. O'Connor has been a Managing Director of MLIM since 2003, was a Director of MLIM from 1998 to 2003 and was a Vice President of MLIM from 1992 to 1998. He has been a portfolio manager with MLIM since 1991.
- **Robert D. Sneed.** Mr. Sneed has been a Vice President of MLIM since 1998 and was an Assistant Vice President from 1994 to 1998. Mr. Sneed has been a portfolio manager with MLIM since 1994.

*Investment Performance of the Trusts.* The Boards examined MLIM's investment performance with respect to its closed-end funds. The Boards noted the Advisors' and MLIM's considerable investment management experience and capabilities. The Boards considered this information together with the level of services expected to be provided to the Trusts. Although the Boards noted that it is impossible to predict the effect, if any, that consummation of the Transaction would have on the future performance of the Trusts, the Boards concluded that the information currently available, in light of all of the current facts and circumstances, supported approving the New Management Agreements.

*Fees.* The Boards noted that the fees payable by the Trusts under the New Management Agreements are identical to the fees payable under the Old Management Agreements. The Boards also considered the fees paid by the MLIM closed-end funds. In light of (i) the Boards' approval of the fees paid by each Trust pursuant to the Old Management Agreements at the May 23, 2006 meeting, (ii) the fact that no change to the fees paid by any Trust was proposed solely as a result of the Transaction, and (iii) the Boards' earlier conclusion with respect to the services expected to be provided to the Trusts under the New Management Agreements, the Boards concluded that the fee structure under the New Management Agreements was reasonable.

*Profitability.* Management of the Advisors stated to the Boards that, following the Transaction, the current intention is to continue to determine profitability and report profitability to the Boards in the same way as they did prior to the Transaction, subject to management's desire to preserve the best practices of MLIM. Management of the Advisors stated that any changes in the methods used to determine profitability and report profitability to the Boards would be discussed with the Boards. The Boards considered the potential for increased economies of scale as a result of the Transaction and whether any economies of scale should be reflected in the Trusts' fee structures. The Boards also considered that the process of integrating the operations of the Advisors and MLIM was in the early stages and that considerable expense would be incurred in connection with integrating such operations, all of which made it difficult to conclude that economies of scale would be realized as a result of the Transaction. In light of the foregoing, the Boards concluded that, at this time, no changes were necessary to the fee structure of the Trusts as a result of the Transaction.

*Other Benefits.* In evaluating ancillary benefits to be received by the Advisors and their affiliates under the New Management Agreements, the Boards considered whether the Transaction would have an impact on the ancillary benefits received by the Advisor by virtue of the Old Management Agreements. Based on its review of the materials provided, including materials received in connection with its approval of the continuance of each Old Management Agreement earlier at the May 23, 2006 meetings of the Boards and its discussions with the Advisors, the Boards noted that such benefits were difficult to quantify with certainty at this time and indicated that it would continue to evaluate them going forward.

*Conclusion with respect to the New Management Agreements.* The Trustees did not identify any single consequence of the Transaction discussed above as all-important or controlling. The Boards determined that all of the factors referred to in their evaluation of the Old Management Agreements described above under "Matters Considered by the Boards – The Old Management Agreements" are applicable to the evaluation of the New Management Agreements and concluded that these factors, in light of all the other factors and all of the facts and circumstances applicable to each Trust, were acceptable for each Trust and supported the Trustees' conclusion that the terms of each New Management Agreement were fair and reasonable, that the fees in each New Management Agreement are fair and reasonable in light of the services provided to the respective Trust and that each New Management Agreement should be approved.

## **Shareholder Meeting**

At the shareholder meeting for each Trust held on August 23, 2006, the shareholders of each Trust approved the New Management Agreement for each Trust.

## SECTION 19 NOTICES

---

Set forth below is a summary of distributions which required each Trust, if any, to notify shareholders of the type of distributions paid pursuant to Section 19 of the Investment Company Act of 1940. Section 19 requires each Trust to accompany dividend payments with a notice if any part of that payment is from a source other than accumulated net investment income, not including profits or losses from the sale of securities or other properties. These notices are not for tax reporting purposes and were provided only for informational purposes in order to comply with the requirements of Section 19. In January 2007, after the completion of each Trust's tax year, shareholders will receive a Form 1099-DIV which will reflect the amount of income, capital gain and return of capital paid by the Trust taxable in calendar year 2006 and reportable on your 2006 federal and other income tax returns.

<sup>1</sup> For the Income Trusts.

<sup>2</sup> For the Investment Quality Trusts.

The Trusts will mail only one copy of shareholder documents, including annual and semi-annual reports and proxy statements, to shareholders with multiple accounts at the same address. This practice is commonly called “householding” and is intended to reduce expenses and eliminate duplicate mailings of shareholder documents. Mailings of your shareholder documents may be househanded indefinitely unless you instruct us otherwise. If you do not want the mailing of these documents to be combined with those for other members of your household, please contact the Trusts at (800) 699-1BFM.

The Trusts have delegated to the Advisor the voting of proxies relating to their voting securities pursuant to the Advisor’s proxy voting policies and procedures. You may obtain a copy of these proxy voting policies and procedures, without charge, by calling (800) 699-1BFM. These policies and procedures are also available on the website of the Securities and Exchange Commission (the “Commission”) at <http://www.sec.gov>.

Information on how proxies relating to the Trusts’ voting securities were voted (if any) by the Advisor during the most recent 12-month period ended June 30th is available without charge, upon request, by calling (800) 699-1BFM or on the website of the Commission at <http://www.sec.gov>.

The Trusts file their complete schedule of portfolio holdings for the first and third quarters of their respective fiscal years with the Commission on Form N-Q. Each Trust’s Form N-Q will be available on the Commission’s website at <http://www.sec.gov>. Each Trust’s Form N-Q, may be reviewed and copied at the Commission’s Public Reference Room in Washington, D.C. Information regarding the operation of the Public Reference Room may be obtained by calling (800) SEC-0330. Each Trust’s Form N-Q, may also be obtained upon request without charge by calling (800) 699-1BFM.
